Payment Guarantee Credit Card

As a courtesy, we'll bill your insurer for our services. But if for any reason your insurance does not pay in full, or it does not timely do so, you are responsible for full payment. If your insurer has not paid us within 60-days of submission of your bill, we'll let you know, so that you may contact your insurer directly.

Also, some of our fees, such as the cancellation fee, will not be billed to your insurer and will be your sole responsibility to pay.
